

# PRE-DESIGN TIPS

1

## **GIVE PRECEDENCE TO ORGANISATION:**

Start your design journey with organisation as a key focus. Moore Design and Construct recommends getting organized from the outset, streamlining the process and making it more efficient.

2

## **DEFINE YOUR STYLE AND AMBIANCE:**

We encourage clients to articulate how they want their living spaces to feel, ensuring a design that resonates with personal preference.

3

## **EMBRACE ECO-FRIENDLY PRACTICES:**

MDC promotes an environmentally conscious and sustainable approach to our design and construction process. We encourage our clients to explore the integration of energy-efficient and environmentally friendly elements in their designs, aligning with our dedication to fostering a more eco-conscious way of living.

4

## **INVEST THE TIME TO ENSURE A SEAMLESS EXPERIENCE:**

We recommend clients invest their time in the planning phase. By doing so, they pave the way for a design and construction process enhanced with cohesiveness, efficiency, and overall satisfaction. This strategic investment ensures that every aspect of the project is addressed, contributing to a more seamless and gratifying experience for all involved.

5

## **CONSIDER THE ASPECTS OF EACH LIVING SPACE**

Understand the site and how best to utilise aspects such as sun, outdoor space, access and views etc
